

Advanced Medical Life Support

By Limmer Dalton

Pearson Education, 2009. Softcover. Book Condition: Neu. Neu Schnelle Lieferung, Kartonverpackung. Abzugsfähige Rechnung. Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - This is a special edition of an established title widely used by colleges and universities throughout the world. For courses in Advanced Medical Life Support, Paramedic, Continuing Education and In-Service Training. Can be used for the NAEMT AMLS course and is also a perfect compliment to the medical sections of a paramedic course. Going well beyond the DOT paramedic curriculum, this text offers a high level--yet practical--approach to the assessment, diagnosis and treatment of the full range of adult medical emergencies. Each chapter discusses realistic methods that a seasoned EMS practitioner would use--moving from assessment-based procedures with initial management of the threats, to field diagnosis and management of treatable underlying causes. Assumes a familiarity with anatomy, physiology, and pathophysiology, and an overall understanding of the nature of medical emergencies. 540 pp. Englisch.

Reviews

This is basically the very best book we have go through until now. I have got read and i also am confident that i am going to gonna study once again again in the future. I am just very happy to inform you that this is basically the very best ebook we have read inside my own life and might be he very best publication for at any time.

-- **Angus Hickle**

Very good electronic book and useful one. it absolutely was writtern extremely completely and useful. You will not feel monotony at at any moment of your respective time (that's what catalogs are for relating to when you question me).
