Reviews

This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

2008. Hardcover. Book Condition: New. 296 India is a multi-racial country. Different parts have different cultural traits and levels of development. It is not uncommon to find that there are certain tribes, which are not yet touched even by the fringe of civilization. Aboriginal are examples of this. The word tribe is taken to denote a primary aggregate of people living under primitive or barbarous condition under a headman or chief. Tribes is a group of families living as a community under one or more chiefs, united by language and customs. The main and vital objective of this volume is to make in the book a few selected articles that represent some kind of contributions to the knowledge of tribal education. While writing the articles I have tried completely to emphasize on concept, principles and applied aspects of tribal education. This volume will be highly useful to faculty members, researchers, policy makers, local self govt. and NGOs working on tribal development and to the general public. About The Author:- Dr. Nanjunda D.C., is currently associated with Center for Advanced Rural and Tribal Policy Innovation and Management - Karnataka.
