Read Books, United Kingdom, 2008. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.PREFACE IN these days otter-hunting is a popular sport, and in consequence there are now many more packs of otterhounds than was formerly the case. Of all beasts of chase in this country, the otter is the one about which we know least, for he is a great wanderer, a creature of the night, and therefore difficult to study systematically. Of the many people who follow hounds, comparatively few understand the science of hunting, or the habits of the creature which forms their quarry. This is probably to some extent due to the fact that there are very few books dealing exclusively with the otter and his hunting. A knowledge of the science of hunting and the habits of the quarry can be picked up by those who have leisure to study the subject afield, but there are others whose opportunities of doing so are limited. It is, therefore, in the hope of interesting and perhaps instructing the latter, that we have written the following chapters. TROUTBECK, WINDERMERE. April, 1922. R. CLAPHAM. CONTENTS CHAP. PAGE PREFACE 7 INTRODUCTION . 13 I. THE NATURAL HISTORY OF THE OTTER . . 21 II. THE OTTERS HAUNTS AND HABITS . 42 III. OTTER-HUNTING, PAST AND PRESENT 73 IV. HOUNDS AND TERRIERS. . 112 V.
