Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Sketches of Engine and Machine Details: A Reference Book for the Use of Engineers, Draughtsmen, and Mechanics, and a Text Book for Machine Construction and Drawing Classes In consequence of the great success attained by my previous engineering publications, and at the request of a large number of Engineers, Technical School Teachers, Students, and Mechanics, in all parts of the United Kingdom, I have pleasure in issuing this book of Sketches of Engine and Machine Details, and trust that it will prove as successful as my other works. Sketching plays such an important part in all engineering examinations, as well as in the everyday occupations of the engineer and draughtsman, that it is of the greatest importance that students and apprentices should be trained to answer practical questions by means of neat and proportionate sketches. One of the objects of this book is to supply suitable examples, fully worked out, showing students exactly the kind of thing required, and another is to give dimensioned details of the most recent practice in the shops. With the...

### Reviews

*An incredibly wonderful ebook with perfect and lucid explanations. I really could comprehend every little thing using this written e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.*
